

Your Furniture Asset Management Solution

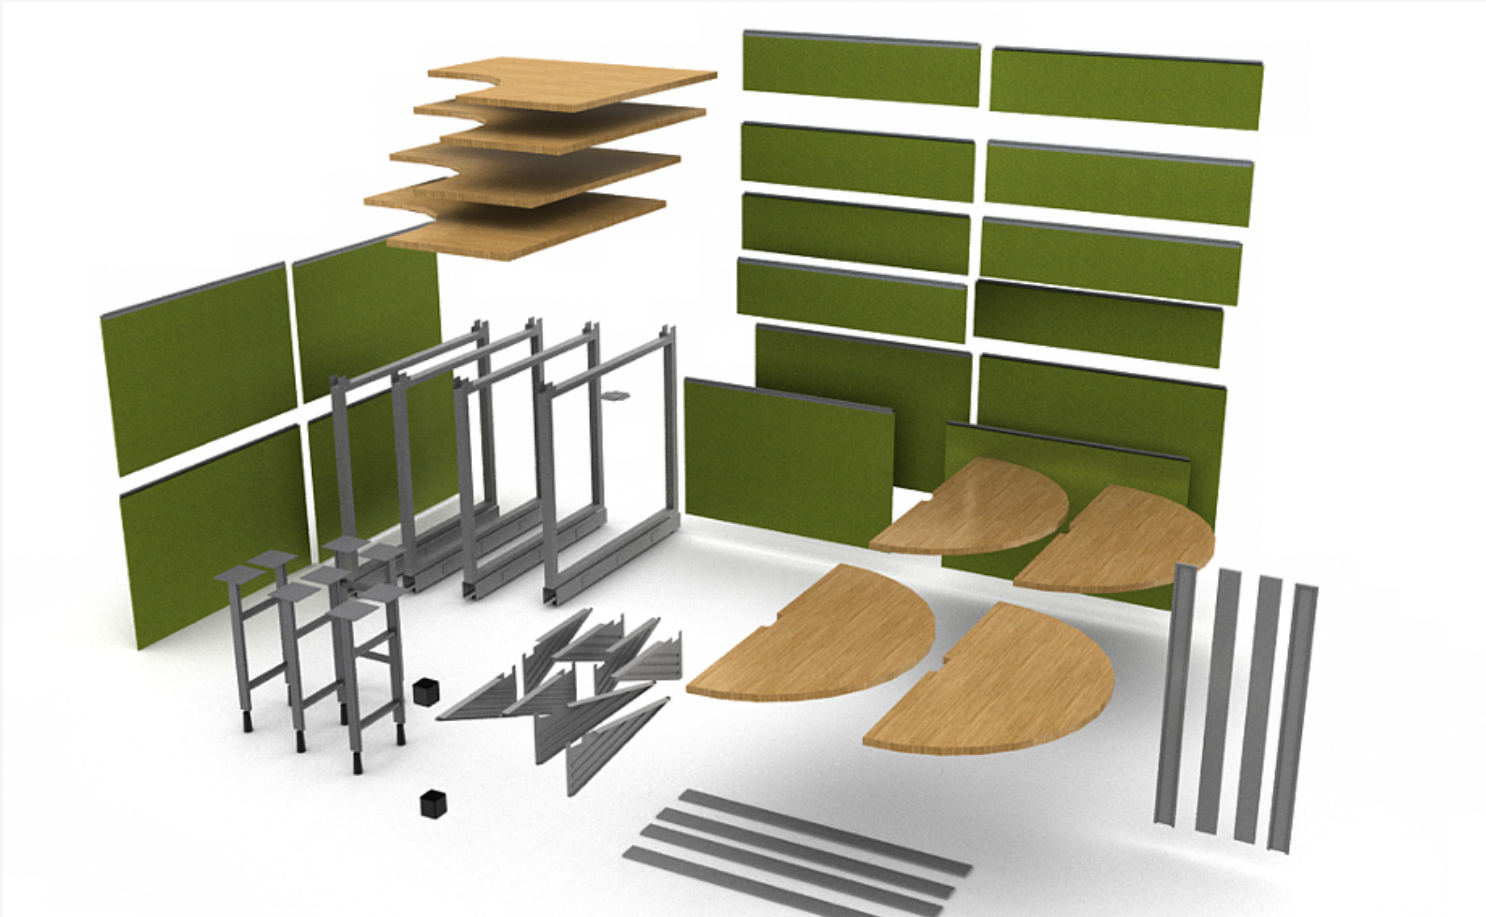

July 2016
KiSP | Be Part of What's Next

What is a Furniture Asset?

It might look straight forward enough on the surface ...

... but from a facility / purchasing standpoint it may look more like this:

The Asset Management approach is designed to help you get the most of your furniture investment.

SnapTracker™

- The industry standard Furniture Management Platform (FMP)
- Web-based Software as a Service (SaaS)
- 20+ year track record of successful implementation
- Primary enabler for optimum **furniture reuse**
- **Full audit history** on all asset movements
- The software supports **a variety of image types**
- Industry **best practice methodologies** for managing furniture assets
- Low-level entry point for **customer-centric** furniture management
- Inventory may be tracked by a sophisticated **barcode technology**
